**Summary  : -**  I'm a front-end developer with expertise in creating robust Ui design, scalable, and Framework. I have extensive experience working with JavaScript, React.js with faithfully practice in Node.js and Expess.js and other front-end technologies. My project   span across Food Delivery, personal Portfolio, Foody-Zone, Dice-game, Todo List and current-weather-page, Bharat clock, Contact Us form, focusing on building secure and high-performance applications. I stay updated with industry trends and continuously enhance my skills. Let's collaborate to create exceptional software solutions.

## Projects  :-

1). **Food Delivery Frontend Development:** Developed a robust frontend for a food delivery website using React.js with features and components using React.js. This food website built on React.js has used react-router-dom, hooks, context API and create context to make it easy. And also integrated a store to add and remove items at the time of order**.**

2). **Doctor Appointment Booking :** Having fun with React.js, we have create another doctor appointment booking website. We have added there levels of login. First one is patient login where patient can login and book the appointments. Second one is doctors login where doctor can manage the appointment check their profile updates and third one is admin login where admin can create and manage doctors profile. This is done beautified using Tailwind CSS. In react-router-dom package, route and routes have been imported and the main page has been directly connected other pages "to and path". Even with different Hooks.

3). **Personal Portfolio :** A frontend Animated portfolio created with a lot of effort, thought and guide. In react-scroll, the link tag has been imported and this website has been scrolled with the support of "to, activeClass, spy, smooth and duration" with this Link tag. Different packages such a react-simple-typewriter, framer-motion, react-icons, @gsap/react, gsap, @gsap/all {scrollTrigger} and different Hooks. Even personal CSS with personal create pages.

## Educational History :-

BACHELOR OF TECHNOLOGY IN COMPUTER ENGINEERING

Ganpat University (2022 – 2025)

DIPLOMA IN COMPUTER ENGINEERING

Ganpat University (2018 – 2021)

**CGPA : 7.60**

SECONDARY SCHOOL EDUCATION

Ash Secondary School, Vijapur

**Percentage : 56%**

## Relevant Skills

## Tools & Technology :-

- ‣ Proficiency in JavaScript and React
- ‣ Responsive Design
- ‣ Development Methogology
- ‣ Communication
- ‣ Figma
- ‣ VS code
- ‣ GitHub
- ‣ Deployment (Render, Vercel)
